## WORK EXPERIENCE

### Sr Officer - ERP System Aug 2025 - Present

*Classic Signages Pvt. Ltd., Jaipur*

- Drive ERPNext (Frappe Framework) implementation, customization and support across Accounts, HR & Payroll, Manufacturing and Stock modules, upgraded through ERPNext v15 and v16.
- Build custom DocTypes and apps for manufacturing-specific workflows not covered by standard ERPNext.
- Design custom print formats (invoices, job cards, delivery notes) and query/script reports for management visibility.
- Manage frontend/backend systems and coordinate with internal teams; configure, test and maintain ERP applications end-to-end.

### ERP Manager | ERPNext Developer Apr 2022 - Aug 2025

*Pinkcity Jewel House Pvt. Ltd., Jaipur*

- Implemented, customized and supported ERPNext across Accounts, HR & Payroll, Sales and Purchase modules for a jewellery retail business, carried through v13, v14 and v15 upgrades.
- Developed custom DocTypes and business-specific customizations via client and server scripts.
- Designed custom print formats for GST-compliant invoices, sales orders and payslips, and built custom Sales, Purchase and Payroll reports for management.
- Managed frontend and backend for websites built on the Frappe Framework and maintained WordPress sites; handled debugging, user training and technical support.

### PHP Developer Nov 2020 - Dec 2021

*Ambient Infotech Pvt. Ltd., Jaipur*

- Developed and managed admin panels using PHP frameworks; provided frontend and backend support in Laravel and CakePHP.
- Maintained and debugged client websites, and built APIs for mobile applications.

### PHP Developer Aug 2019 - Oct 2020

*Optisoft Business Solutions Pvt. Ltd., Jaipur*

- Developed backend and admin panels using PHP (CodeIgniter); managed website backend and frontend with JavaScript and jQuery.
- Built APIs for mobile applications and resolved technical issues.

## PROJECTS

**ERPNext - Pinkcity Jewel House (erp.pinkcityindia.com):** Full lifecycle ERPNext implementation on the Frappe framework for a jewellery retail business.

**George Gankas Golf (georgegankas.golf):** Golf learning platform with 13+ course guides, community posts and an admin panel, built in PHP/JavaScript.

**Maveable (maveable.cc):** Content platform for PC gaming enthusiasts, fully manageable through a custom-built admin panel.
